## February Writing Prompts

1. You're in charge of the Valentine Ball! Let me know your theme, decorations, everything from the menu to the invitations and the party games!
2. The groundhog saw his shadow! Oh no; more weeks of winter. What do you plan to do with all that "baby it's cold outside" & snuggle - up time?
3. To help celebrate 100 Day you and 10 of your friends each have 10 wishes! What 10 things do you wish for? Elaborate!
4. February is the month of love and friendship. Tell me about your best friend and why she/he is your best friend.
5. If you could receive a valentine from a famous person, who would you like to receive it from and why?
6. President's Day celebrates Abe Lincoln's and George Washington's birthdays. Which president do you like best and why?
7. A time machine just warped you back to the time of Lincoln. You are at the same play he is when he is assassinated. You are sitting next to Booth and have a chance to stop him. Do you? Tell me about it.
8. The time machine warps you along with your best friend to a southern plantation. You are both slaves and are planning on running away. Details please.
9. You are part of Washington's best soldier patrol. You've intercepted an enemy message. What does it say? Who's it from? What do you do?

### **Toothy Punctuation Sentences**

Put the correct punctuation ( . ! ? ) at the end of each sentence.

1. Do you brush and floss every day
2. Yay     I don't have any cavities

Cut Out Sliders. Insert Into Slider Tooth Slits.

Slits to review numbers, letters & shapes.

For the alphabet Slider Glue 2nd Strip "J" under "I" & 3rd strip "U" under "T". To Avoid accidentally pulling out Strips you can glue a longer strip of paper on the end & then simply fold the end tabs in to pull the strip out to change to another slider.

## **Tooth Info-Slider**

### **Materials:**

- Construction paper
- Scissors
- Glue sticks (If you want to back with construction paper)

### **Directions:**

#### **Prep:**

- Run off master.
- Pre-cut slider strips
- Pre-cut slits in slider shape

#### **The next day...**

1. Children CUT out their slider shape. (You can mount it on a complimentary colored sheet of construction paper for more durability.)
2. Students WRITE their name on the BACK of their slider shape.
3. Children insert slider strip from the back to the front. Teacher decides what slider students will be working on. (ABC, 123, Shapes)
4. As a whole group, we use the manipulative to review the information on the slider.
5. I encourage the children to do it again for their parents and include a note about the slider in my newsletter.
6. I ask parents to ask their child to share their slider with them. It helps reinforce lessons, builds self-esteem, and shows their child that they care about what they are learning in school.
7. Since we have a slider for each theme, they make a nice collection. My students love collecting them.
8. Sliders are a nice quick and easy art project that nails and reviews several report card standards in a fun way. It's a great fine motor skill as well.
9. After my students are done with their slider, they clean up their work station, leave their slider at the table and transition to a Tummy Tubby Time activity. When everyone is done, they get their slider and sit on our *Circle of Friends* carpet.
10. Depending on time, we insert 1 or 2 sliders and review the material as a whole group. I'll have them put the shortest shape slider strip in, take the other sliders back to their desk, and we'll review body parts (put your slider on your elbow, knee, wrist etc.), then we'll use it for spatial directions; (put your slider on, behind, above, beside you.) We'll finish up with the *Slider Pokey* and finally "Blast Off" counting from 10-0 and then go put our sliders in our backpacks. ☺
