January Writing Prompts

1. You're skiing. You hear a rumble. Look out! It's an avalanche. What do you do? Details please.
2. There's a \$100 prize for building the biggest and best snow sculpture at school. Who's on your team? What does your sculpture look like? Why should you win the prize? What will you do with the money if you win?
3. You're ice skating and your friend falls through the ice! What do you do?
4. You're in charge of the Winter Frolic Games. Tell me all about it. What kinds of games will there be? How will you advertise? What will be the prizes? Who will come?
5. It's a snow day. No school! What will you do with your day off?
6. The bus is on it's way to school. The snow is coming down hard. It's almost blizzard conditions. Uh Oh! You go in the ditch. What happens next.
7. You're snowed in at school! It's a blizzard. No one can get home. Tell me how the overnight sleepover at school goes!
8. What's your favorite winter activity and why?
9. There are mysterious tracks all around the neighborhood snow fort and they look like they came from a huge animal. At the end of the trail is a small patch of blood. What's going on? What kind of animal or monster left those tracks? Is it really blood or just ketchup?
10. Frosty's hat really is magic! You tried it on and it took you to a winter wonderland! Where did you go and what did you do there?

@teachwithme.com sliders

Cut out sliders. Insert into slider Snowman hat slits.
Slits to review numbers, letters & shapes.

For the alphabet slider glue 2nd strip "J" under "I" & 3rd strip "U" under "T". To avoid accidentally pulling out strips you can glue a longer strip of paper on the end & then simply fold the end tabs in to pull the strip out to change to another slider.

Snowman Info-Strip Slider

Materials:

- Construction paper
- Scissors
- Glue sticks (If you want to back with construction paper)

Directions:

Prep:

- Run off master.
- Pre-cut slider strips
- Pre-cut slits in slider shape

The next day...

1. Children CUT out their slider shape. (You can mount it on a complimentary colored sheet of construction paper for more durability.)
2. Students WRITE their name on the BACK of their slider shape.
3. Children insert slider strip from the back to the front. Teacher decides what slider students will be working on. (ABC, 123, Shapes)
4. As a whole group, we use the manipulative to review the information on the slider.
5. I encourage the children to do it again for their parents and include a note about the slider in my newsletter.
6. I ask parents to ask their child to share their slider with them. It helps reinforce lessons, builds self-esteem, and shows their child that they care about what they are learning in school.
7. Since we have a slider for each theme, they make a nice collection. My students love collecting them.
8. Sliders are a nice quick and easy art project that nails and reviews several report card standards in a fun way. It's a great fine motor skill as well.
9. After my students are done with their slider, they clean up their work station, leave their slider at the table and transition to a Tummy Tubby Time activity. When everyone is done, they get their slider and sit on our *Circle of Friends* carpet.
10. Depending on time, we insert 1 or 2 sliders and review the material as a whole group. I'll have them put the shortest shape slider strip in, take the other sliders back to their desk, and we'll review body parts (put your slider on your elbow, knee, wrist etc.), then we'll use it for spatial directions; (put your slider on, behind, above, beside you.) We'll finish up with the *Slider Pokey* and finally "Blast Off" counting from 10-0 and then go put our sliders in our backpacks. 😊
