Do you?

You can have your students simply TRACE the shapes for a quick activity, or they can COLOR them. For CUTTING & Gluing practice you can run off the shapes on this page on a variety of colored construction paper. They can cut and glue their own pieces and have them all one color, or they can trade with their classmates at their table to have a variety of colors. When everyone is done, read the book as a whole-group activity.

Dinosaur Shape Song to go with booklet What Shape Is On My Dinosaur

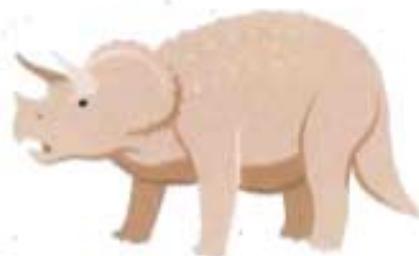

**Background:**

Sing this song to review the shapes and to reinforce the science vocabulary word **EXTINCT**.

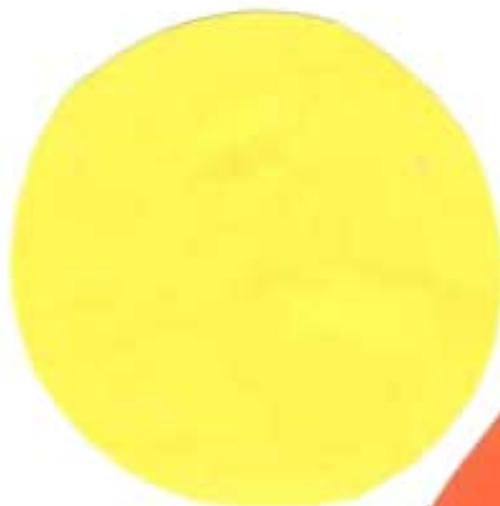

**Dinosaur Shapes**

By Diane L. Henderson

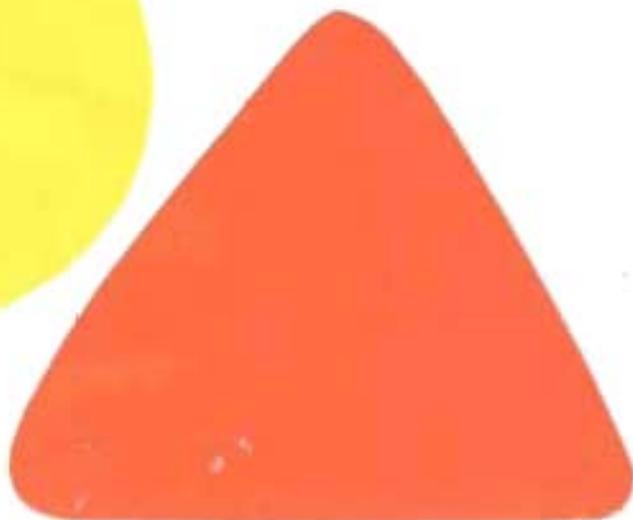

To the tune of "*Are You Sleeping?*"

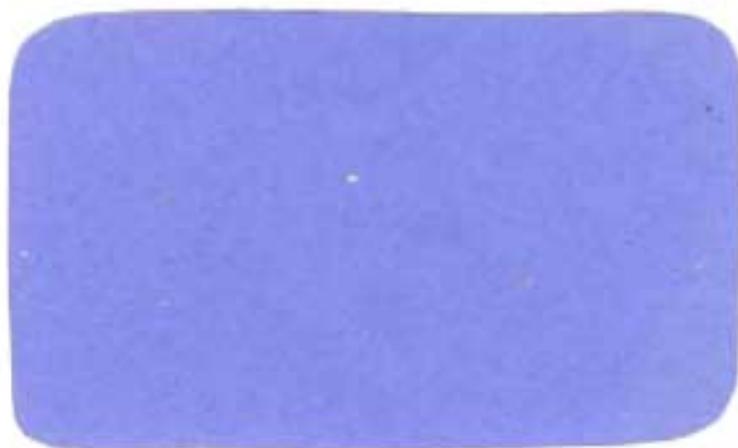

Here's a **circle**  
Here's a **circle**  
On my dinosaur  
On my dinosaur  
Where did it go?  
Where did it go?  
Dinosaur's extinct!  
Dinosaur's extinct!

Here's a **triangle**
