

Glue together as a winter scene.

Put together as a 100 puzzle.

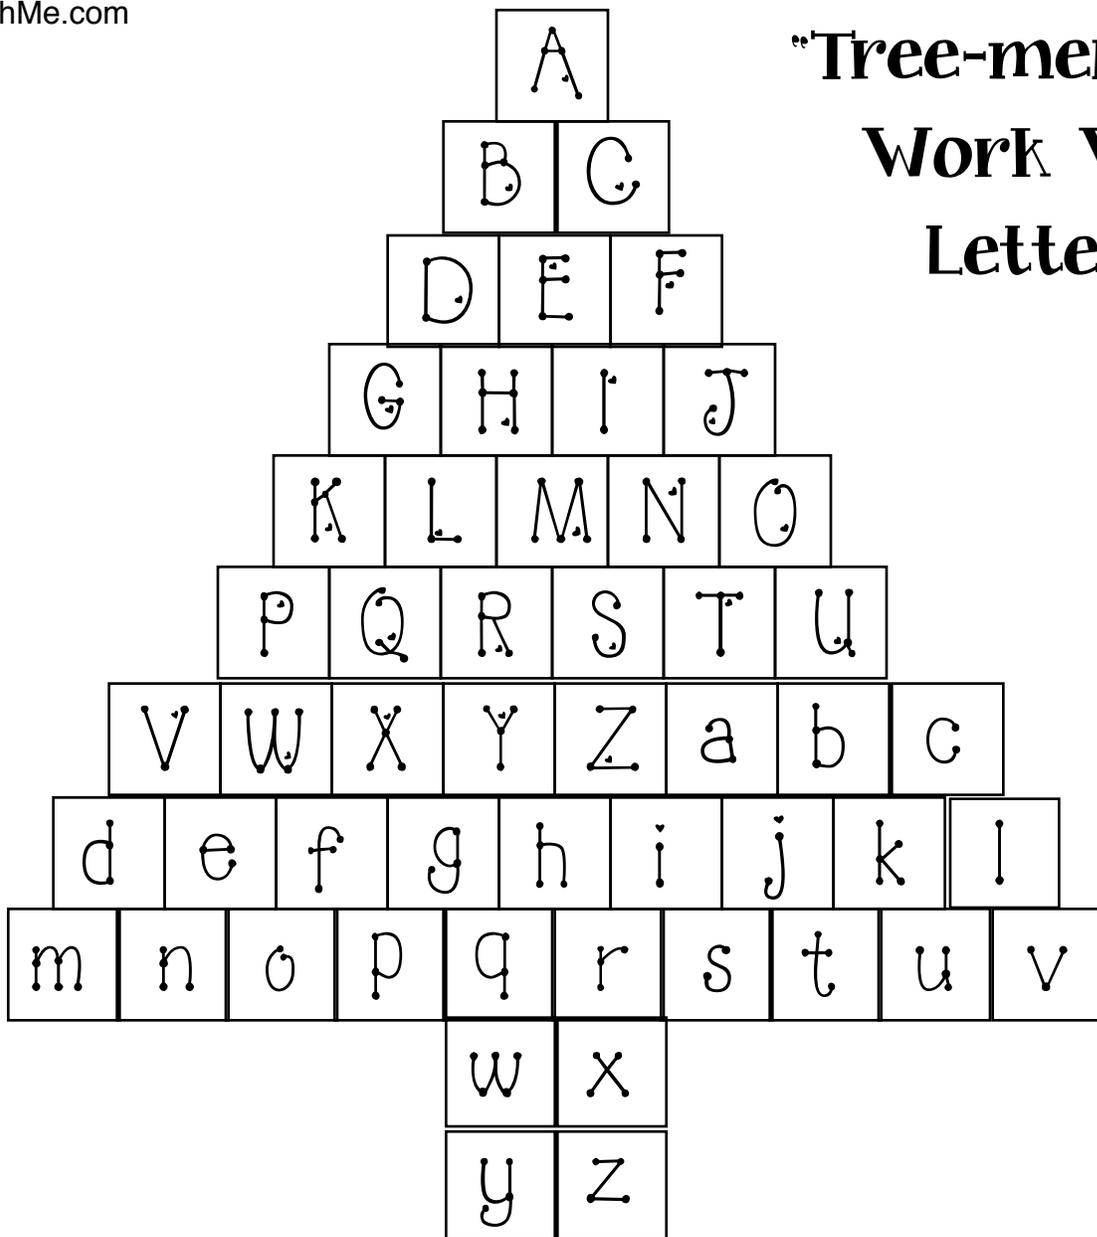

"Tree-mendous" Work!
Counting & Letter Puzzles

Practice upper & lowercase letters.

"Tree-mendous" Work With Letters

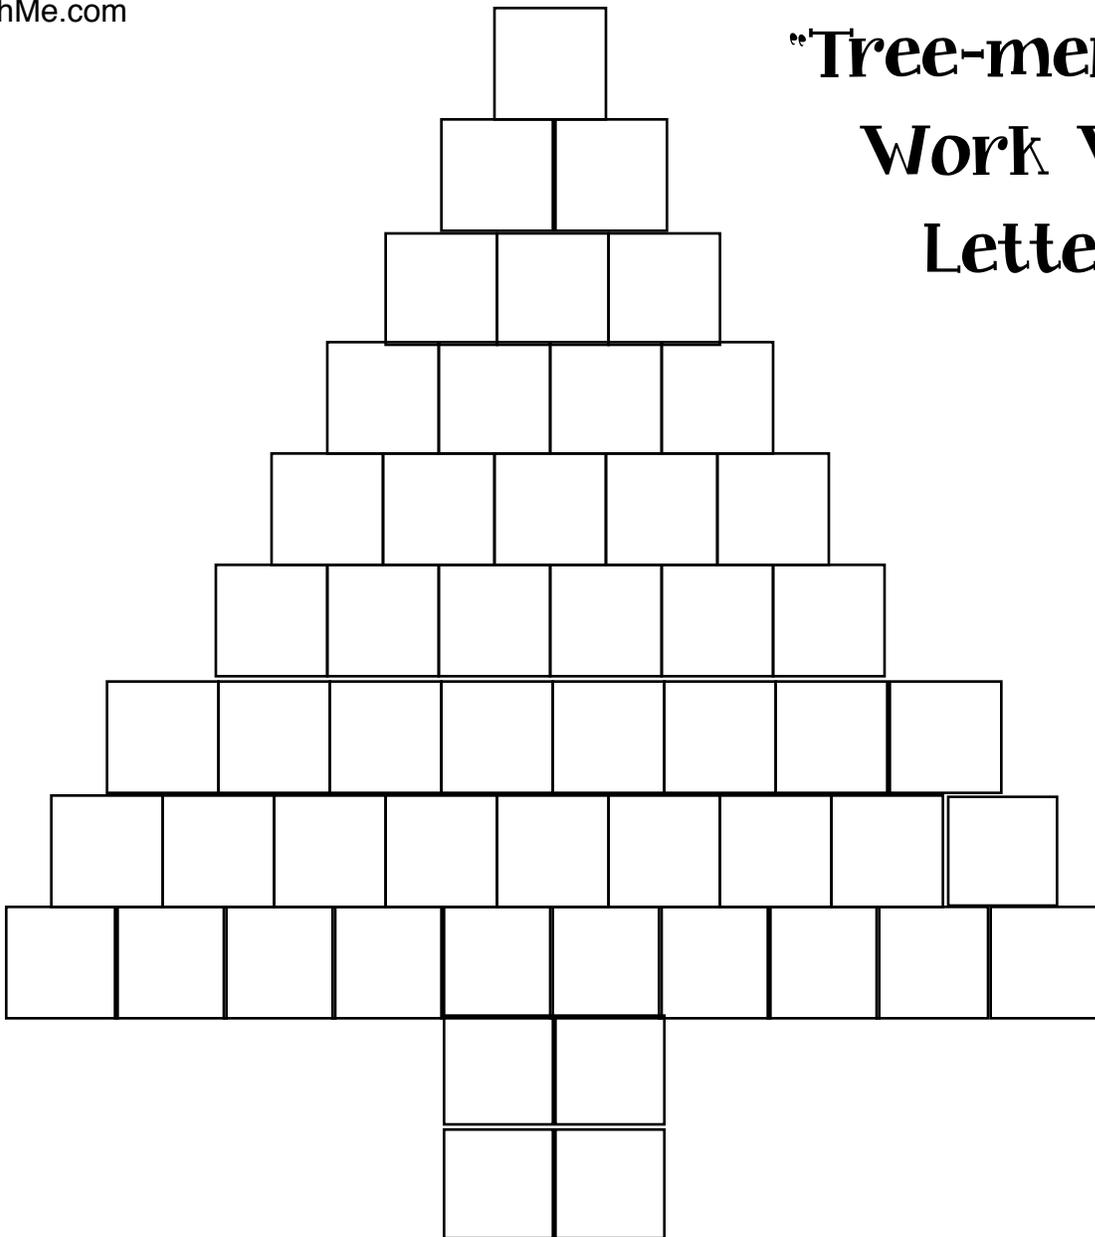

Run off on green construction paper.

Laminate and cut into small green letter tiles.

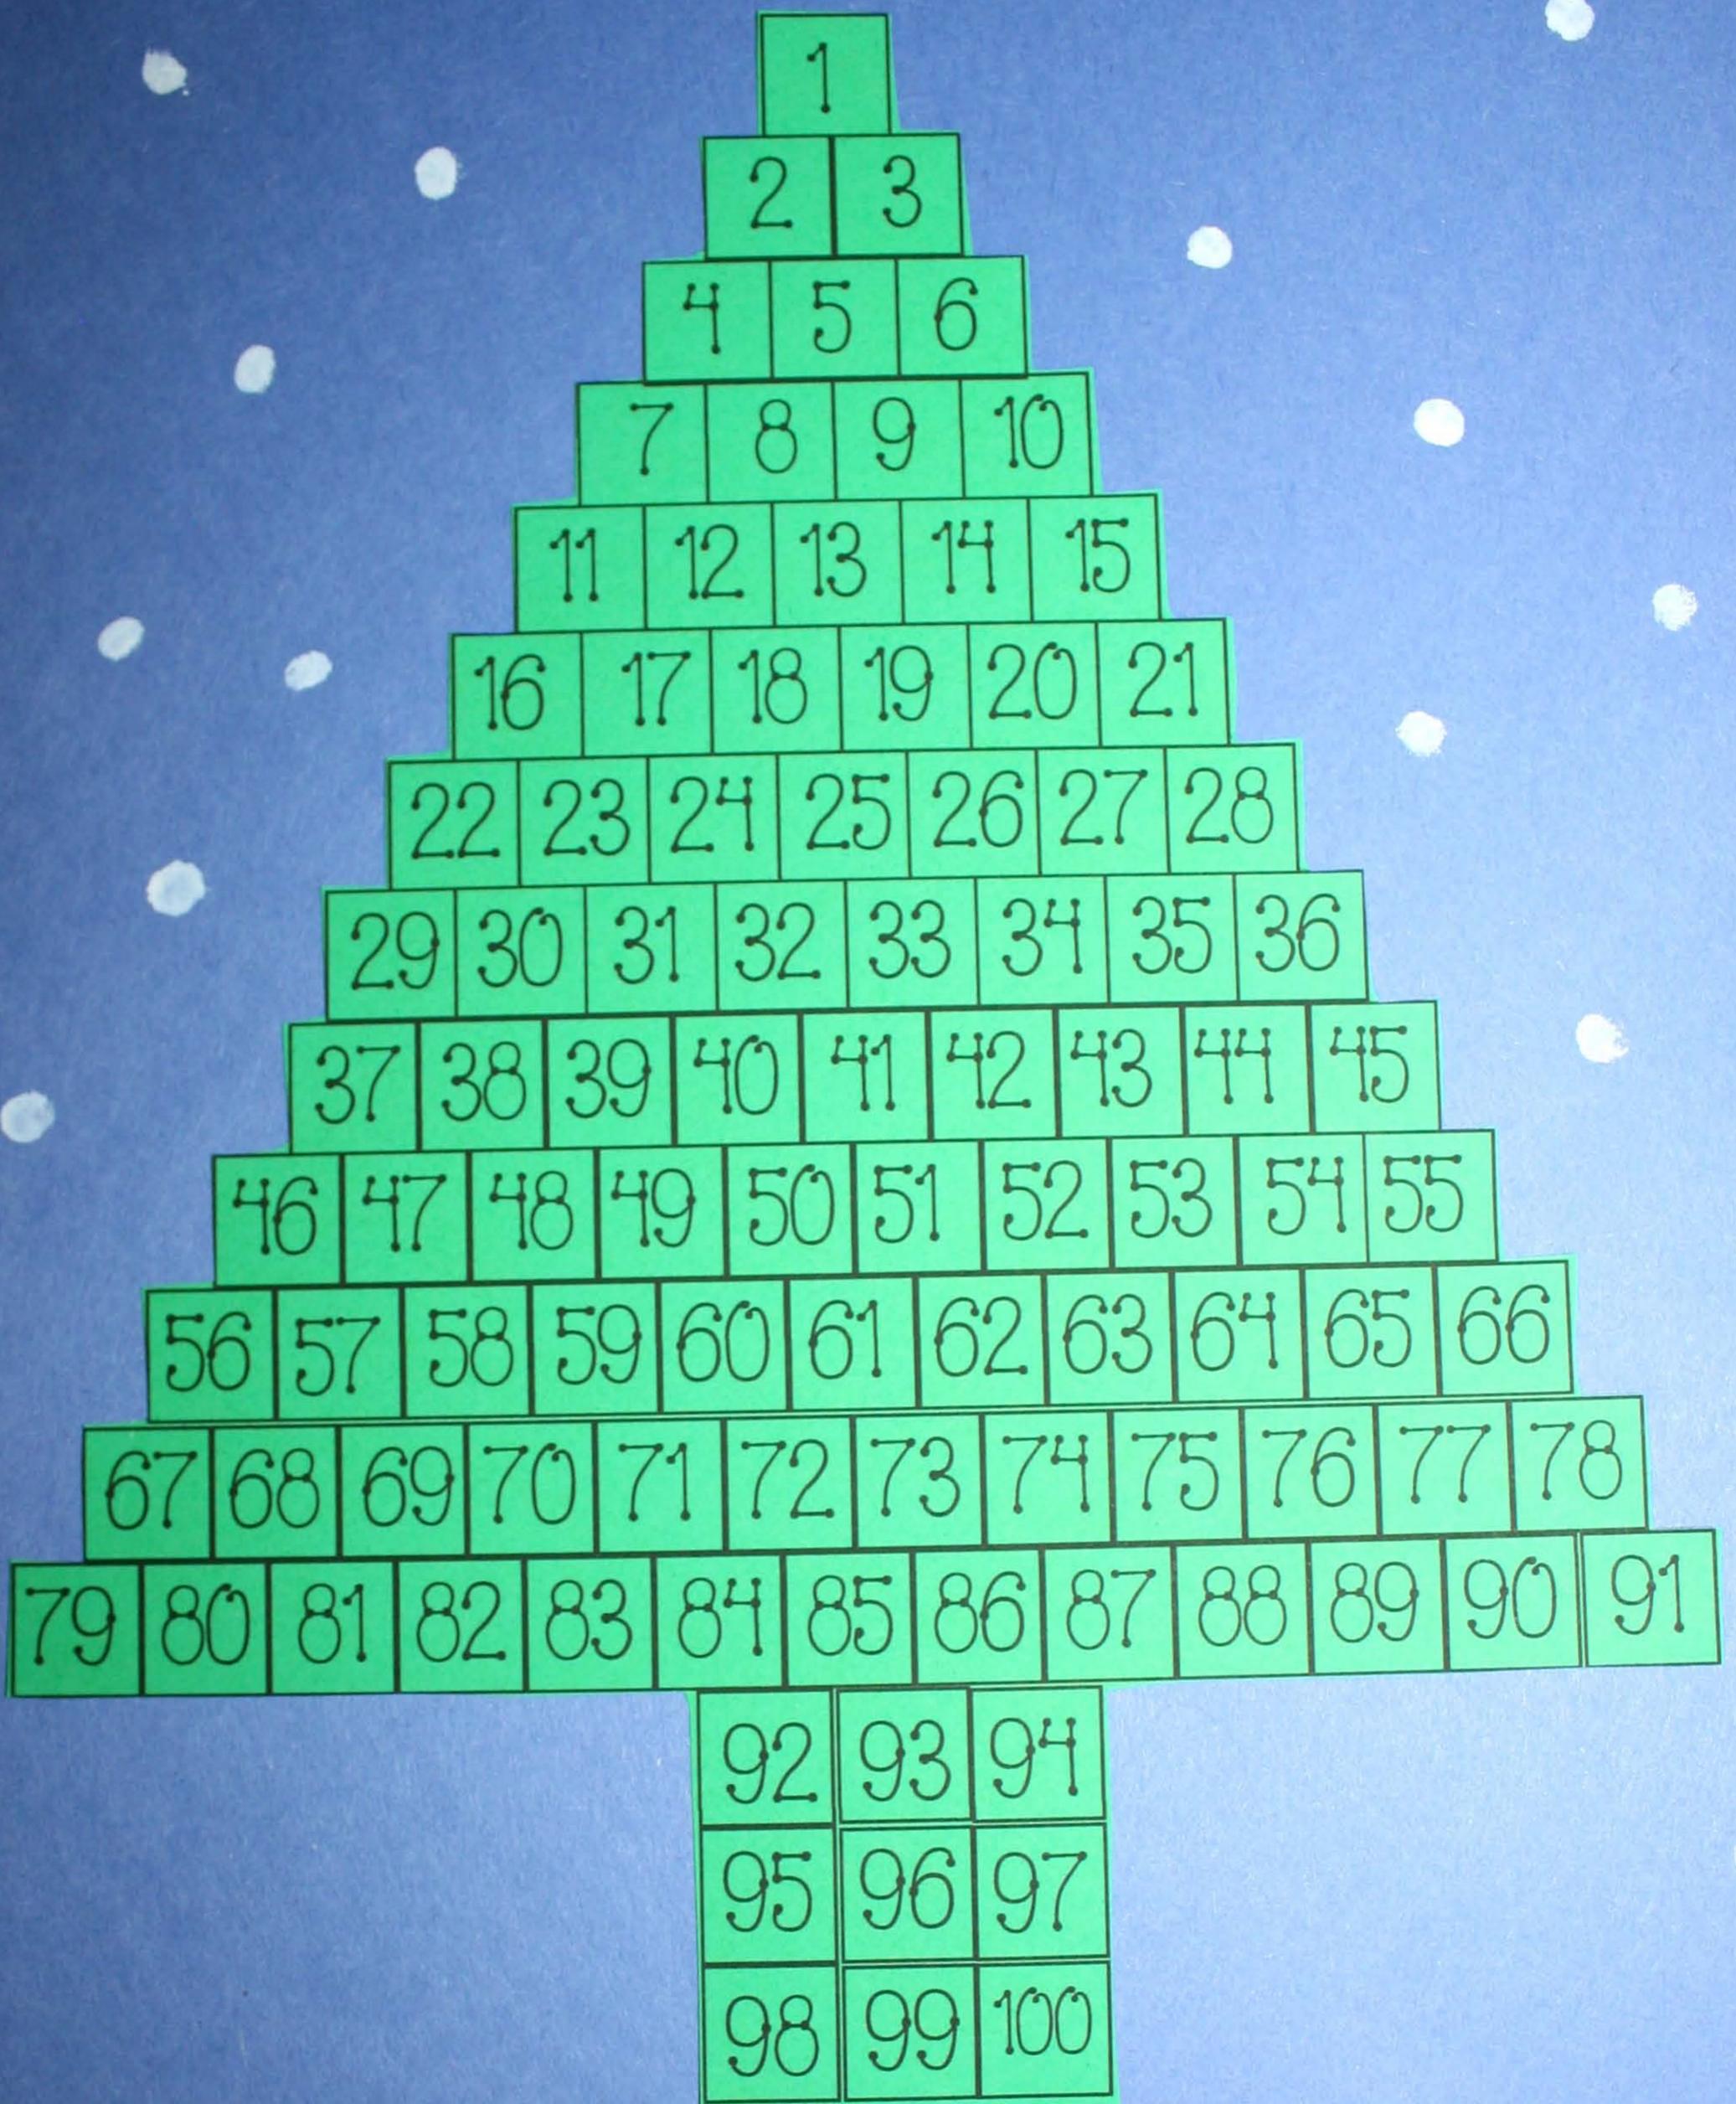

Students place them on the white tree grid in upper and then lowercase alphabet order.

Do these as an independent center, or print off for your students to each have their own puzzle to take home and practice, or have them glue down the pieces for a fun craftivity.

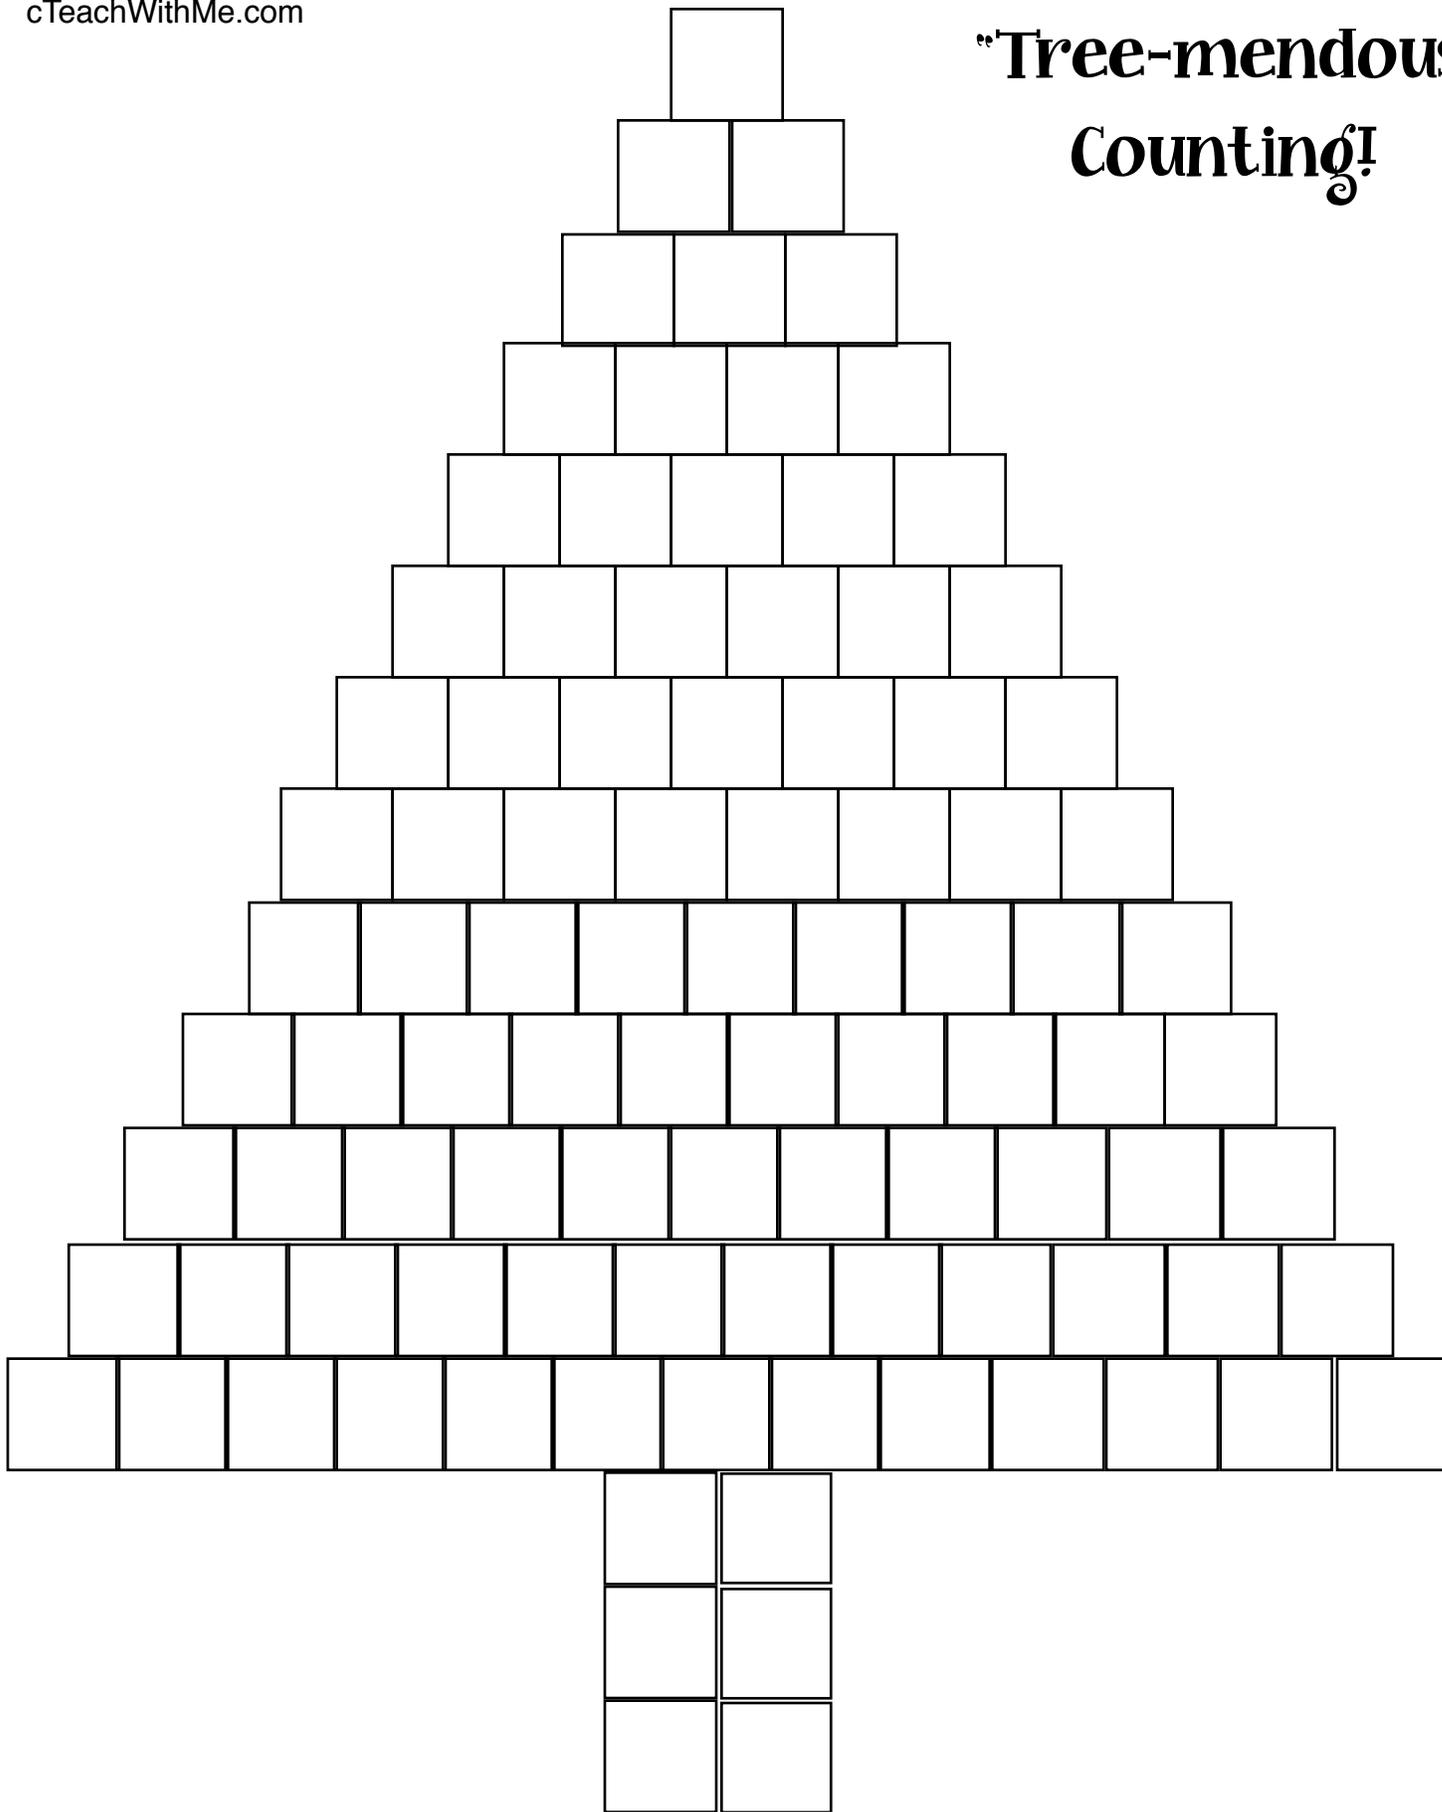

“Tree-mendous” Work With Letters

Run off on white construction paper. Laminate and use as a puzzle grid for the green letter tiles. Students put the letter tiles in the correct order on the white tree grid. Do these as an independent center, or print off for your students to each have their own puzzle to take home and practice, or have them glue down the pieces for a fun craftivity.

Tree-mendous Counting!

Print; laminate and have students put the number tiles in the correct order on the tree grid.
