**“You Are My Sunshine” Mother’s Day Card
With a “My mom brings sunshine to my life” Writing Prompt.**

Run off on brown construction paper.

Rough cut, students trim, glue their photo to the center and hinge it to the middle of their flower with a small piece of tape. This flap will open to reveal their greeting.

My Mom Brings Sunshine To My Life

My mom brings sunshine to my life because she loves me and shows it by all the wonderful things she does for me.

My mom hugs me, encourages me, listens to me, helps me, reads to me and sings songs.

She brings sunshine with her laugh, her smiles and caring ways.

My mom spends time with me. We go places and play games.

I love my mom very much.
