Seasons of my Apple Tree

Activities & Emergent Reader

Apples can be red, yellow or green. ⁶

Will you come pick some with me?

I read Gail Gibbons' book,
The Seasons of **Arnold's** Apple Tree
to introduce this lesson.

The booklet comes in full color for
the teacher's copy, as well as black &
white for your students.

There are 36 sight words from the
Dolch lists in it!

Take a teachable moment to explain
possessive nouns if that's appropriate
for your age group.

The second page of the emergent
reader is optional.

I included it, as my students love
sharing their opinions, and this gives
us a Segway into graphing.

FYI Seasonal Tree Branch

You can keep this as a whole worksheet, or for some extra cutting practice, to help strengthen those weak finger muscles, have students cut into 4 pages, collate, add a cover then staple together to make a "just the right size" flip booklet.

I've included a cover for this.

Ripe and ready to pick!

I've included real photographs of apple trees during the various seasons. Share them with your students via a bulletin board display, posters, flashcards, or bind in a booklet.
