## CVC Picture and Word Cards

### Ideas:

1. Use them as flashcards
2. Put them up on your word wall with the picture card next to the word to help students remember.
3. Print several sets, laminate and cut out. Turn them into Memory Match games. Students turn over a picture card and have to find the matching CVC word card. Set the timer to ring at a designated time. The child with the most matches wins the game. To make the game a little easier, glue the picture cards to one color of construction paper and the word cards to another. This way your students will know to choose and flip over one of each color.
4. Run off a set for each child to cut and make into an Itty Bitty booklet.
5. Play "Speed" and have students alphabetize the cards.
6. Play "Speed" and have children sort the B words and the C words etc.
7. Play "Speed" and have students sort the A vowel words and the E vowels etc.
8. Play "Go Gar" it's a CVC fish! Children play in groups of 2-4. Deal 4 cards to each player. The object is to make a picture and CVC word pair. If the child has the picture of a pig she will ask her partner if they have the CVC word card PIG, if they don't they get to draw one card from the deck. Play continues 'til all of the cards are gone. Set timer, as above. The student with the most pairs wins.
9. Play "I know my CVC words" **FLIP** card game. Children pick a partner and deal out all of the cards. They place their deck face down in front of them. Children take turns flipping a card. The first one to identify the CVC word or picture gets that card. When the timer rings, the child with the most cards wins.
