Please Keep These To Yourself!

©TeachWithMe.com (Diane Henderson)

There is a simple rule and it goes like this...

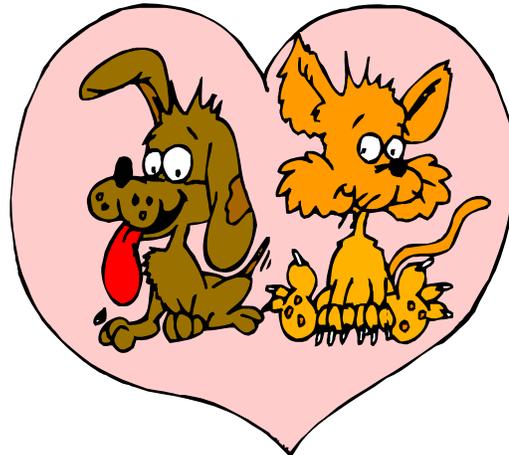

And I wish...

You'd remember it.

**“Treat others the way you'd like to be treated.”**

Then you know what?

Bad behavior will be defeated!

**Would you like it if someone:**

- poked you?
- pinched you?
- pushed you?
- punched you?
- pestered you?

**Of course not!**

This makes people sad and even mad!

Would you want to be a friend with someone like that?

I wouldn't! So...

Hands were meant for

holding,

and healing,

and helping

and high five-ing.

Hands were meant for

holding,

and healing,

and helping

and high five-ing.

Hands are for raising when you have the right answer or a question;  
for folding in your lap and showing you have self-control.

Hands are for reading, and writing,

and coloring, or studying,

and painting too.  
can do.

There are many good things that your hands

Thank you for being so smart and such a can-do good kid!

Thank you for being so smart and such a can-do good kid!

Circle the pictures that are GOOD helping hands. ZAP the pictures with an X that are BAD hands.

CONGRATULATIONS!

---

Is a **CAN-DO SMART KID!**  
They are **COOL** and follow  
the **RULE!**

**WAY TO GO!**

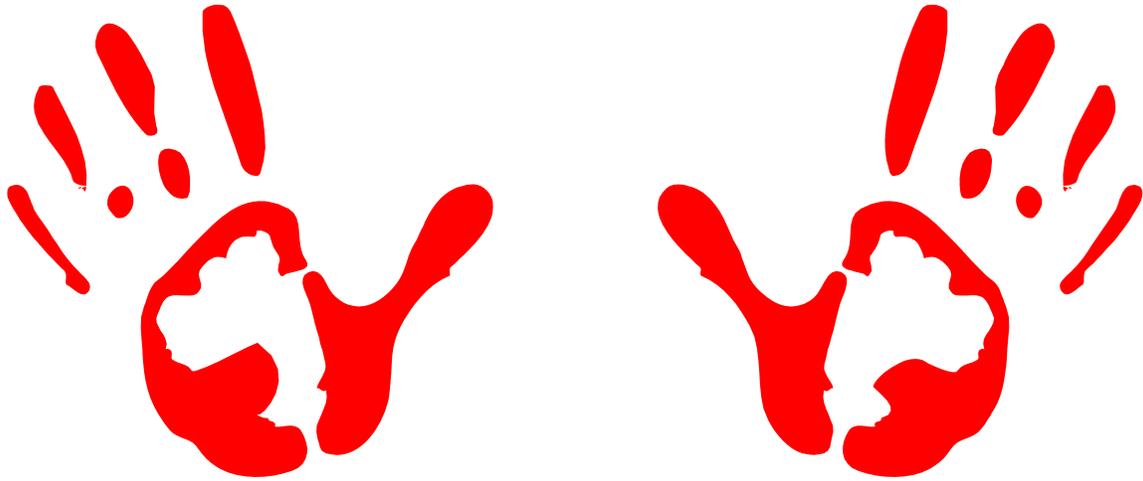

Welcome to the

**HIGH-FIVE**

**HELPING HANDS CLUB!**

# Helping Hands Contract

I promise to be cool  
and follow the rules. I  
will have helping not  
hurting hands.

---

---

---

I'm a Can-Do Smart Kid.  
I have HELPING, not HURTING hands!  
Here's my handy "heart print" to prove it!

Directions: Teacher tapes a small tag board heart template in the middle of the paper, then paints a child's hand red or hot pink and presses it over the heart so that when they lift the hand off the paper and peel the heart off, they will have a hand print with a heart in the middle; a "heart print!" Child signs their name under their hand.
