

I'm a little turkey
as cute as can be.
I'm very thankful
for my wonderful family.

Love,
Kaiden

Run off and have students glue on the front of their turkey "shoe".

This is a turkey
Oh so fine.
Look at the body,
It's two feet that are mine.
The feathers are traced from my hands too.
I made this turkey because I love you!

November

Hi Families,

We are going to make an adorable art project called Keepsake Turkeys. It's part of our study of turkeys and involves several of our standards.

I need your help. It will only take about 5 minutes. Here's what you need to do:

Trace ONE of your child's feet (with their shoe ON.) Do this on the attached sheet of brown construction paper. By keeping the paper folded, you will only have to cut once, and you will have 2 feet.

Trace your child's hand once. (Have them spread their fingers.) By keeping all 3 of the attached (yellow, orange, & red) papers together, you only have to cut once to make 3 hands for your child's turkey "feathers".

Please paperclip their feet and hand cut outs together.
Write your child's name in pencil on the top piece.

I need these returned to school by _____

Thanks in advance for your time and cooperation. I know you will enjoy this special keepsake. I'm thankful for families that lend a hand and take an active part in their child's educational experiences. You've made this project do-able for us.

Educationally Yours,

This is a turkey oh so fine
Look at the body;
the feet are mine.
The feathers are traced
from my hands too.
I made this turkey
because I love you!

This is a turkey oh so fine
Look at the body;
