Run off on white construction paper. Students color the heart.

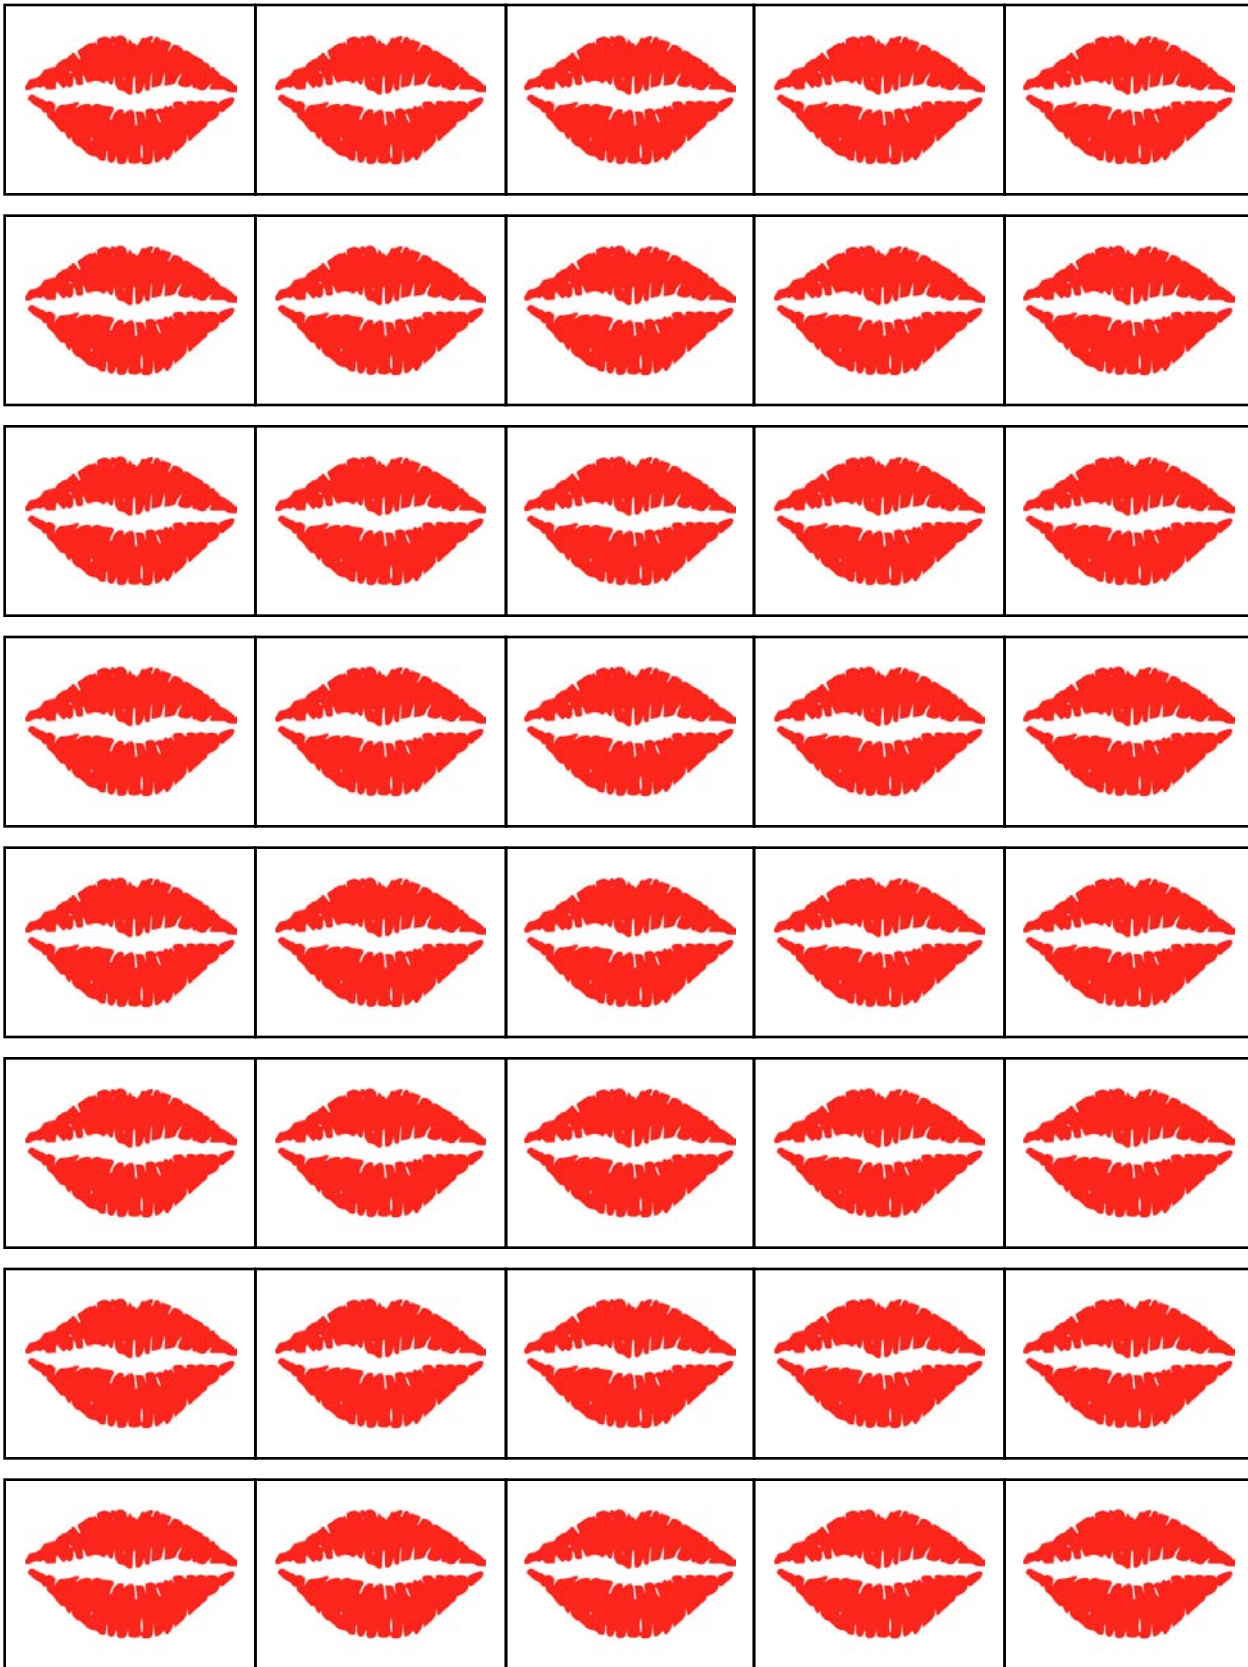

Children trace their hand on a flesh-toned sheet of construction paper, making a tab on the bottom of the palm to act as a "hinge."

Cut out the hand and fold the tab over.

Add glue to the inside of the tab; place the hand over "the chance to blow you a kiss" words and glue the tab to the back of the card, so that the hand can flip down to reveal the sentiment.

Students glue the lip tile to the middle of the hand so it is also revealed, as it flips down "blowing the kiss."

For that finishing touch add a school photo and have children sign their card.

Print and trim. Give each student one to glue to the center of their paper hand.
