Dolch Word Bingo Bonanza

Directions:

- There are 2 lists of words.
- 25 words are needed to make a bingo card so some words are repeated from list one for list two.
- There are TWO different sets of cards.
- One set for list #1 and one set for list #2
- The Bingo cards have a #1 or #2 on them so you can keep them straight when you print them off.
- There is a class set of 30 DIFFERENT cards for each list, so you have 60 Bingo cards for each Dolch word grade level.
- I wanted to make 30 different cards so that your entire class could play at the same time.
- Run each set off on a DIFFERENT color of construction paper.
- Laminate them.
- Cut the cards out.
- Make an extra white set to cut into pieces.
- There are 25 words per set.
- Because of the FREE space, there are only 24 words used on each card.
- Glue the white pieces onto the matching color construction paper for each set of CVC Bingo Cards.
- These pieces will be the cards that you draw so that students can put their "markers" on their bingo cards.
- Keep the pieces in Snack Baggies.
- Put the matching Snack Baggie in a file folder with the matching set of CVC bingo cards.
- Each week play with a different set of words.
- When your students have learned these words challenge them with another Dolch word set from a higher grade level.

- I have Bingo cards that go up to 3rd grade.
- Dried beans are an inexpensive “marker”.
- Run off an individual page to send home with each child so they can play at home with a parent.
- Two cards are printed on a page so that they can cut up one card and child can play with the other.
- The object here is simply to look for the word and put a marker on it, filling up their entire card.
- Another way to use these cards is to run off a set of words on two different colors of copy paper.
- Laminate the paper and cut out the words.
- Put the set of colors in two different Snack Baggies.
- Children choose a partner and take turns rolling the dice.
- If they roll an even number they get to take a Dolch word tile out of their bag, read it and find the matching word on their Bingo card.
- If they roll an odd number they lose their turn.
- You could also play that if they roll an even number they get to place 2 Dolch word tiles on their Bingo card.
- If they roll an odd number they get to place 1 Dolch word tile on their Bingo card.
- To make things even more interesting, you could add that if they roll a 6 they have to remove 1 of their Dolch word tiles from their Bingo card.
