October Apple Bytes

TeachWithMe.com's **Apple Bytes** October 2011

Welcome to the ninth edition of **Apple Bytes**!

Apple Bytes is *TeachWithMe.com*'s monthly newsletter and teaching packet for subscription members only.

It's a "taste" of the themes for the month. A nice bonus in your mailbox filled with a little bit of this and that.

I design this especially for you, so please let me know what you'd like in the form of skill sheets, helpful forms, borders for stationery, themes, words for word cards etc. diane@teachwithme.com

This month's themes include:

- Pumpkins
- Halloween
- Bats
- Black cats and...
- Fire Safety

The *Using My 5 Senses Inside Of My Pumpkin* booklet this month, can be sent home for a home-school connection assignment, so parents can help their child put the booklet together, or you can make a single copy to be read by you, but put together as a whole-group activity.

This is a great activity to do the day that you carve your class pumpkin. Allow students to touch and smell the inside of the pumpkin. Scoop out the seeds and toast them in the cafeteria oven, allowing your students to taste a few.

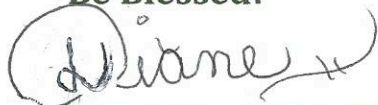

While they're munching, brainstorm possible answers to fill in the sentences of the booklet. Write their answers on the board, and via a class vote, choose one to write in the booklet. When you are done, read the completed booklet to your students.

I've included blank pumpkin sheets so that you can make your own skill sheets with different numbers and letter combinations. You can also use the alphabet pumpkins for nametags, read the room tags, games etc.

I hope you enjoy the "Emotional Pumpkin". Have your students make a matching Itty Bitty booklet to accompany their pumpkin so they can also read the words that fit their pumpkin's feelings.

I hope you have a magical October!

Be Blessed!

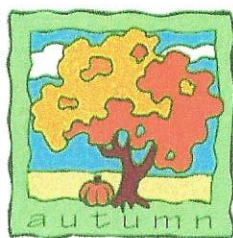

Diane Henderson ☺

October Pencil Toppers.

- Students can leave their pumpkin plain if your school does not do a Halloween theme, or they can draw a Jack-O-Lantern face on it.
- Cut out the pumpkin, glue on a black or green circle of construction paper.
- Cut 2 slits in the position of a nose.
- Insert a pencil.

I hope it's simply spooktacular!

My Emotional Pumpkin

©TeachWithMe.com

- Draw eyes and a nose on your pumpkin.
- Cut out your pumpkin.
- Trace the lines on the mouth strip.
- Insert the strip into the mouth slits.
- Slide the strip to show how your pumpkin feels.

Run pumpkin off on orange construction paper.
Run strips off on yellow.

Run strips off on yellow. Students TRACE the lines with a black marker. Children CUT strips lengthwise and glue strip 1 to strip 2 and strip 2 to strip 3. Model this so that the strips are in the correct order. Precut slits in pumpkins ahead of time. Younger students might need help inserting their strip into the slits.
