It's Shamrock Time: I Spy The Time Game

1. Students cut out their clock and glue it to a circle of green construction paper.
2. Using a protractor, teachers poke a hole in the center of students’ clocks.
3. Children insert a brad and fasten a large and small paperclip to act as hands for the clock.
4. Teachers call on a quiet student to choose a time to the hour.
5. Students manipulate their clock hands to that time.
6. Trace the number and
7. Bingo dot the circle.
8. When they are done they raise their hand.
9. The student who raised their hand first, and has the correct answer, gets to call out the next shamrock time.
10. Play continues ’til all of the circles have been dabbed with the bingo dauber.
11. Students can continue to use their clocks for whole group assessing of other times.
